

THE WILL

Greetings to you in the Name of all names,

The present Mount Sinai in the Sinai Peninsula of Egypt is not the real Mount Sinai/Horeb of the Bible and the Quran. It was the consort of Emperor Constantius, and the mother of Emperor Constantine the Great, Helena, the matriarchal mother of the Church that selected the present location Jerusalem as the new the “Holy Land” and the Sinai Peninsula as the site of the sacred mountain in the 3rd Century, because of their resemblance to the original location, and it was sea traveling distance to Rome, and it is a region that was then under the control and dominion of Rome.

Historian G A Williamson *The World of Josephus 1964* records the building of the siege wall, forts, and platform for their rams by General Cestius Gallus, necessitated the clearing of woodlands over sixty square miles, leaving the area as a desert where Yerushalem once stood. The destruction was so complete according to Rabbi Maimonides that a man named Turnus (Terentius) Rufus of the children of Edom (the descendant of Esau) plowed up the land on which the Temple has stood and the places about around it, so entirely that it appeared as though it had never been inhabited.

Thus, the location of the real Mount Sinai and Yerushalem was shrouded in mystery and under a canopy of secrecy for 2000 years, and centuries men searched the land of Midian/Arabia to find it. In 1984 the late Ron Wyatt discovered the real Mt. Sinai/Horeb in the Tabuk Province in north-western Saudi Arabia and immediately brought the proofs to the world’s media. No one really at the time, including Mr. Wyatt, understood what this meant for the world. I believe this discovery is the most significant find of our Century, and its revelation was locked down for our generation.

The mountain is called Jebel El Lawz, whose name means the almond mountain in Arabic. Jebel Al-Lawz is the highest mountain of the Tabuk Province, with its summit at 2,549 meters above sea level. Jebel Al-Lawz is not a mountain of exceptional beauty that one would stop in his in tracks and take notice but make no mistake; this is no ordinary peak in the heavens because Eloah (God) chose this place and named it His Mountain.

Everything that the Bible mentions being at Mount Sinai is there at Jebel El Lawz! The golden calf altar is there, the giant rock at Horeb is there, remains of the 12 pillars are there, and Elijah’s cave everything! The evidence has been building through the work of many subsequent explorers to the area, their findings and hundreds of photographs and artifacts have been duly published. The evidence is overwhelming!

The best research paper I found on the location is by Charles A. Whittaker THE BIBLICAL SIGNIFICANCE OF JABAL AL LAWZ May 2003 which can be downloaded for free from this site:

<https://joelstrumpet.com/wp-content/uploads/2018/04/Lawz.pdf>

I quote from this 200-page research document;

“With the many varied arguments given in this paper demonstrating the Biblical significance of Jabal al Lawz, this site in Saudi Arabia remains the best candidate for Mt. Sinai/Horeb.” In other words, it is

by far the best and only site that confirms everything in the Word of Eloah concerning the Exodus and Mountain of YHWH. What further proof do we need?

After Ron Wyatt found this site in 1984 and revisited it a year later, the Saudi government erected a fence and a guardhouse preventing access to the Holy Precinct area at the foot of the mountain on the eastern side. The sign above states, "Archaeological area...unlawful to trespass, subject to penalty." The Saudi authorities would not have done this if this site was of insignificance. Un-be known to the King of Saudi Arabia whose hand our Maker leads YHWH has reserved the site to prevent desecration, looting, and commercialization. It has been undisturbed in possession of the kingdom for thousands of years.

This Mountain is a critical part of the fulfillment of Scripture and end-time prophecies. Its location had to be unveiled at the right time and in our time. The discovery of Jabel El Lawz is without question the sign and proof that all the prophecies will be fulfilled in our time. Make no mistake about this mountain and its revelation; without its knowledge, there can be no Kingdom of YHWH on Earth, no New Yerushalem, no Messiah, no restored Tabernacle, no Temple, no united Yisra'el, no world peace and no world abundance and so forth.

Now, why is this mountain and area unique to the Elohim of the Universe YHWH who owns all the mountains and hills? King David, a man after Eloah's own heart, tells us why he said;

*"15 The har (mountain) of Elohim is as the har of Bashan; a high har as the har of Bashan. 16 Why do you leap, you high hills? **This is the har which Elohim desires to dwell in; yes, YHWH will dwell in it le-olam-va-ed**" Tehillim (Psalm) 68:15-16.*

*"13 **For YHWH has chosen Tzion; He has desired it for His dwelling place. 14 This is My rest le-olam-va-ed: here will I dwell; for I have desired it. 15 I will abundantly bless her provision: I will satisfy her poor with lechem. 16 I will also clothe her Kohanim with Yahshua: and her kidushim shall shout aloud for simcha. 17 There will I make the horn of Dawid to bud: I have ordained a lamp for My anointed**" Tehillim (Psalm) 132:13-17.*

David correctly understood that Eloah had chosen this mountain and place to be His dwelling place forever! Thus why He commanded Moses to take Yisra'el to His mountain (notice carefully the words I have made bold);

*"12 And He said, Certainly I will be with you; and this shall be an ot (sign) to you, that I have sent you: When you have brought forth the people out of Mitzrayim (Egypt), you **shall serve Elohim upon this mountain**" Shemoth (Exodus) 3:12.*

*"17 **You shall bring them in, and plant them in the mountain of Your inheritance, in the place, O YHWH, which You have made for Yourself to dwell in, in the Kadosh-Place (Set-Apart Place), O YHWH, that Your hands have established. 18 YHWH shall reign le-olam-va-ed**" Shemoth (Exodus) 15:17-18.*

*"19 **They shall call the peoples to the mountain; there they shall offer sacrifices of tzedakah: for they shall suck of the abundance of the seas, and of treasures hidden in the sand**" Devarim (Deuteronomy) 33:19.*

In no uncertain terms, YHWH instructs Moses that upon this mountain, you shall serve Me, and it shall be an everlasting possession where Yisra'el shall worship Me, and I shall plant Yisra'el there. How much clearer do we need it to be? YHWH has chosen this mountain and place as His dwelling place forever (le olam vaed). A permanent place where Elohim has ordained that His people offer Him sacrifice and worship continuously. He names this place the inheritance of Yisra'el, a place of streams

blessing and abundance. Who are we to ignore His Commandment and Will? What mortal man among us challenges Him?

Sadly it is now more than 35 years since this majestic and timeless treasure was revealed to the world, and we have not yet acted on this glorious revelation because we fear the religion of Islam and the King of Saudi Arabia. Eloah says, "Fear no more!" Islam and the King are servants of YHWH, and we, the family of Yisra'el, owes a great debt to them. But be warned we cannot push the patients of YHWH any further by not acting on His Word. We can no longer show cowardness in the face of truth. We must begin the settlement!

It is hindering upon this generation to settle the land, construct the City of Zion and resurrect the Tabernacle of David as first built by the Highness the Prophet and King Moses. Even Islam understands that this is Yisra'el's mandate, the Al Koran states in 5:66-68, "If only they had stood fast by the Law, the Gospel, and all revelation that was sent to them (Quranul Kareem, Zaburi, etc.), they would have enjoyed happiness from every side." Islam is waiting for Yisra'el to obey YHWH and fulfill the Words of the Torah, Gospel, and the revelations!

Alas! I give you a new prophecy! "Out of the ash heap of Yisra'el's destruction will arise a City of magnificence and a Tabernacle of splendor without end where the blessed one the Messiah shall reign," Isaiah calls it the City of Feasts, a Sukkah, our home, and the place of YHWH majestic residence. Jeremiah states it shall be the Crown of YHWH. Ezekiel calls this place "YHWH is there" All Nations shall flow into the City and observe the feasts of YHWH there. Here a few Scriptures confirming this;

"20 Look upon Tzion, the city of our moadim (feasts): Your eyes shall see Yahrushalayim a quiet home, a sukkah that shall not be taken down; not one of its pegs shall ever be removed, neither shall any of its cords be broken. 21 But there Majestic YHWH will be to us a place of broad rivers and streams; in which shall go no boat with oars, neither shall large ships pass by. 22 For YHWH is our Shofet (Judge), YHWH is our Torah-Giver, YHWH is our Melech (King); He will save us" Yeshayahu (Isaiah) 33:20-22.

"At that time they shall call Yahrushalayim the Kesay (Crown) of YHWH; and all the nations shall be gathered to it, to the Name of YHWH to Yahrushalayim: neither shall they have their halacha any more after the imaginations of their evil lev" Yirmeyahu (Jeremiah) 3:17.

"It was all around eighteen thousand cubits: and the name of the city from that day forward even le-olam-va-ed (forever) shall be, YHWH-Shamma. YHWH-Is-There" Yechezkel (Ezekiel) 48:35.

A prophecy in the Book of Isaiah reveals that a multitude of the Saudi people (Muslims) will come to the Pavillion and worship YHWH at His altar, and their prayers and sacrifices shall be acceptable in His House of Worship.

"6 The multitude of camels shall cover Your land, the dromedaries of Midyan and Ephah; all those from Sheva shall come: they shall bring gold and incense; and they shall proclaim the tehillot (praises) of YHWH. 7 All the flocks of Kedar shall be gathered together to You, the rams of Nevayoth shall serve You: they shall come up with acceptance upon My altar, and I will bring splendor to the Bayit of My tifereth (Glory)" Yeshayahu (Isaiah) 60:6-7.*

*It must be noted that 'the House of Glory' is the literal translation of Baitul Haraam, and is mentioned in the Al Quran, the same name is also indicated for Ka'abah. "Verily, the first House (of worship) appointed for mankind was that at Bakkah (Makkah), full of blessing, and guidance for Al-'Alamîn (the mankind and jinns)" Al Quran 3:96.

Restoration, peace, and healing and prosperity shall flow from the New Yerushalem (Yechezkel (Ezekiel) 11:6-9 34:7, 35:1-10; Yeshayahu (Isaiah) 2:4). The Messiah shall reign from this place, and He shall restore and teach the Torah from this mountain unto all mankind (Yeshayahu (Isaiah) 33:17-22, 35:1-10; Tehillim (Psalm) 2:6, 47:5-8, 68:24-27; Micha (Mikah) 4:2). The Earth will be filled with the knowledge of Elohim (Chabakook (Habakkuk) 2:14).

The Messiah shall make Yerushalem the capital of the world and the City a place of great beauty and esteem (Yeshayahu (Isaiah) 33:17-22; Yirmeyahu (Jeremiah) 3:17). Everywhere shall new growth shall appear, and trees and vegetation shall cover the land (Yeshayahu (Isaiah) 35:1-10). The land shall become the Garden of Eden on Earth, an oasis in the area of Saudi Arabia. Nothing like it will exist anywhere.

Alas! Come Adonai YHWH!

It has been difficult for me to carry this knowledge because I know what we are facing, and I understand there will be opposition and obstruction. But let it not be from Eloah's very own elect. The Elect must arise, and we go to the land as a united and believing people. Muslims have been called to help in this work. Indeed the Al Quran states that Muslims shall be helpers to the work of YHWH whom they call Allah;

"And when Jesus (as) found unbelief on their part, He said, "Who will be my helpers to the work of Allah?" Said the Disciples (Al Hawariyun), "We are Allah's helpers: We believe in Allah, and do thou bear witness that we are Muslims" Al Quran 3:52.

"O ye who believe! Be ye helpers of Allah as said Jesus (as), the son of Mary, to the Disciples, "Who will be my helpers to the work of Allah? Said the Disciples, "We are Allah's helpers" Al Quran 61:14.

The King of Saudi Arabia is ready to listen to us and will grant YHWH this place and will finance its construction with the help of Eloah's people from around the world. My estimation of the budget that we will need to construct the City of Yerushalem and the Mishkan pavilion is 50 billion USD. This is not a huge amount by today's financial standards, but it is enough to complete the work and prepare for the construction of the Temple during the millennial reign. It is my understanding that the Tabernacle of David shall be restored prior to the construction of the Temple of YHWH.

I am YHWH's messenger, and I make no apology that I am not a Jew, nor do I profess to a messiah or some great prophet incarnate. What I understand is simple - we have a mandate to complete if we will see the Messiah and the Kingdom of Eloah and the world blessed. We can no longer sit and watch another decade slip by us.

Be warned we have entered the Shabbat Gadol -The Great Sabbath (the last millennium), and the Day of Yaakov Troubles looms on the horizon. The construction of the City and the restoration of the Tabernacle is the only haven humanity will have from this day of destruction because technologies will only be given in this place that will save humankind. See for yourself;

*"And it shall come to pass, that whoever shall call on the Name of YHWH shall be delivered: for in **Har Tzion (Mount Zion) and in Yahrushalayim shall be deliverance and escape**, as YHWH has said, and among the remnant survivors whom YHWH shall call" Yoel (Joel) 2:32.*

*"**But upon Har Tzion shall be deliverance**, and there shall be set-apartness; and Beit Yaakov shall possess their possessions, and those who possess them" Ovadyah (Obadiah) 1:17.*

NB. For a fuller explanation of this day, please purchase our Book the Breach maker Series 700 and refer to the article YOM YHWH.

The present Jerusalem in Israel will not be the site of the New Yerushalem for a reason outlined at the beginning of this letter, hence the distinction we make in our works between Jerusalem and Yerushalem (Yahrushalayim). The present Jerusalem is a commercial and tourist destination, and its most "holy spot" is occupied by the Al-Aqsa mosque. It does not fulfill the sacred requirements of the Torah. Interestingly archaeological proofs from excavations in Jerusalem are wanting, but this is not the situation at Jabel El Lawz. I need not say more.

The City and Pavillion I propose to construct in this letter are non-commercial and non-religious and non-political. It is a place where there will be no economy and no commerce, no campaigns, and no elections. Everything, including food, clothing, and accommodation in the New Yerushalem, is without charge. The City and Pavillion are operated on a donation basis. No person is rejected on the grounds of their sex, religion, affiliation, or status. No animal or fish or bird will be killed or suffer on this land; they shall roam freely on the land. Only that which is consumed in this land is in accordance with Elohim's law. The land will know no violence or crime.

There will be no mosques, churches, synagogues, temples, etc. on this land. It is religion-neutral! All Holy Books will be given a place in the Kingdom and studied. The Torah and Koran will exchange and affirm the prophecies. However, the language of priestly officiation in the Pavillion will be Hebrew and Aramaic. I make no compromise here; this is Eloah's design. We will follow the precepts and protocols of the Torah. The Priesthood shall be immaculate and set apart.

Saudi Arabia being the host nation, will have a special allocation in the Pavillion. Eloah has a special love for Saudi Arabia, and their place is not shared with any other country. Eloah has granted them a favor for their part in preserving the land. The rest of the attendants are accommodated according to their tribal affiliation. Jews from the tribe of Judah are not distinguished above any other tribe. We are all equal before YHWH.

The City of Yerushalem is the support and accommodation center for the Pavillion. Workers and their families are housed in the City. The City will be fully equipped to meet their needs and the needs of their families. The dead are removed to a place outside the City where they will be remembered and not worshipped. The City shall be clean and whole, and there shall be no media, materials, and objects of which promote violence, sex, promiscuity, stealing, covetousness, the occult, etc. Families will dwell therein safety and peace. The City has no military force and courts of law but only police, fire, and rescue.

The new Yerushalem shall become a bastion of science and technology. Miraculous inventions, technologies, and developments shall come from this place that shall transform the world. The City will produce all its power from free energy and will not create a litter or any substance that shall harm the environment. It shall be the only city in the world that is entirely organic and self-sustaining and self-sufficient, meaning it houses, clothes, and feeds its own population.

The question is, what will Saudi Arabia get from granting this land to YHWH? The answer is nothing because Eloah (Allah) says, "I own everything and everyone." The Bible states this, and so does the Quran.

"The Earth is YHWH's and all that is in it, the world, and those who live in it" Tehillim (Psalm) 24:1.

"The silver is mine, and the gold is mine, says YHWH of hosts" Chaggai (Haggai) 2:8.

“And unto Allah belongs the dominion of the heavens and the Earth, and unto Allah is the ultimate return (of all)” Al Quran 6:42.

YHWH does not make pleas or requests from mortal humans. He instructs us! Who are we to question His Devine Will, blessed be His Name? However, this is what will happen to Saudi Arabia when the Kingdom of YHWH is planted and built in the land.

1. Saudi Arabia will become the religious center of the world. Billions of people will make a pilgrimage to the City of YHWH. The economy of the country will rise to become the 5th biggest in the world in less than seven years, and its status will increase even further.

2. Saudia Arabia will earn more foreign revenue from tourism and pilgrims than oil and gas revenue as the world slowly migrates from fossil fuel because of the environment.

3. Saudi Arabia will build more than 50 new cities in 50 years to accommodate the inflow. Property prices in this country will become a premium, and even the dessert will become prime property in time to come.

4. Saudi Arabia will become a science, technology, and medical phenomena as scientists, inventors, developers, and creators migrate to the land to be close to the Set-Apart City.

5. Saudi Arabia will be known as the land of the Most High One YHWH and will be a beacon of light to the whole world. Righteousness and peace and love will flow to all nations that shall come to the land to visit the Elohim of Yisra’el, who is also called Allah.

6. Saudia Arabia's royal family will be favored and loved by the Elohim of Yisra’el. Their posterity and prosperity will be assured for generation upon generations. There will be no revolution or dissent in the land because everyone will know and admire them for what they have done and given for YHWH.

7. Saudia Arabia will become a world force and power. Military and space inventions from this country will make her a formidable power, and nations everywhere will ally with her and come to learn from her.

It will be unwise of me not to warn Saudi Arabia that her rejection of Eloah will spurn a demonstration of YHWH’s power as it was in the time of Moses and will bring divine judgments. Events will happen that will shake the kingdom and the country to its foundation until YHWH’s will is done. Eloah be merciful that this will not be required. When his Majesty shall grant the land, I warn the King and her Crown Prince that there will be dissenting voices against the Royal Family and from within their tribes and in Islam that will see this move as a challenge to its sovereignty and authority. “Hold fast, you shall quickly overcome them!” says YHWH!

The area lovingly demanded by YHWH has been outlined in the map and supported with photographs. A preliminary design of the Pavillion is included with the costs of the City and Pavillion. There has been no cost spared to build the City, and it shall be designed and constructed by both volunteers and workers from all countries. There shall be a highway, seaport, and runway to accommodate all who travel by land, sea, and air. It will take seven years to build the City and Pavillion. In time to come, many additional cities shall spring outside, and around its perimeters and Tabuk shall become a major City in the area.

Security will be the utmost priority in this City because foolish minds think they can challenge YHWH by harming Eloah's people. For this reason, no person shall enter the City and Pavillion with belongings or baggage. Everything that is required will be supplied at its security center and accommodation

centers. Every person shall enter the City in the required clothes provided and shall leave filled and whole. No outside vehicle and truck shall enter the City; everything is processed at a warehouse center for security, scanning, and distribution. No evil or debased thing shall enter the land. The City and Pavillion shall have its own network of zero-emission transport.

The land will be Set-Apart and everything that is found on the surface of the area, and beneath it shall belong to YHWH and will not be removed from the country but housed in its museums. No oil shall be taken from the land. The land shall be leased from the Saudi Government in perpetuity for 1000 years with the right to renew. The payment for the area is set at One Riyal per year in perpetuity. The City shall tithe ten percent of all its donation income to the Royal Family, who shall distribute it to the poor. The Government shall not tax the income of the City or impose penalties or sanctions. The Government shall guard the perimeters of the City with a royal guard.

The Laws and Regulations of Saudi Arabia will not be enforceable in the Land. The Land will have its Laws and Regulations based on the Laws of the Torah and other Religions, and the laws of Saudi Arabia shall grant it, and the King shall guarantee it forever. No external religious law will apply to the Land and its priests. People who transgress the laws of Saudi Arabia inside or from outside will not be allowed to take refuge in the City. All who commit a crime and flee to the City shall be treated humanely and be given just representation by the Priests of the City before Saudi authorities in the prescribed time and manner.

No part of the land can be sub-leased or sold or made into private housing developments. The City and its Pavillion belongs to the Priests of YHWH. They shall administer the estate and its inheritance in perpetuity. The Priests shall come from all religious orders, families, tribes and shall be trained in the Torah of YHWH and will be initiated into the Melchizedek priesthood. The Pavillion shall house the Ark of the Covenant and all the furniture of the Tabernacle. No animal and bird sacrifices are permitted on the land, but Priests shall offer oblations. This is the Will Of YHWH!

I have said much already and sufficient to make YHWH's will and purpose clear. This letter does not seek to negotiate with authorities, powers, and rulers or convince anyone. I have delivered what I know and understand to be the uncompromising Will of YHWH. I am His servant, and I make no apology to anyone who is offended by this letter. I plea that this letter will motivate you to pray in this direction because every promise in the Bible and the Quran depends entirely upon its fulfillment. I beseech you; nothing in this world is as important as this!

The project and operation will be managed by NOMANSZONE, a non-profit organization. See nomnazone.org. I will oversee the project and manage it through its various construction phases. There will be many specialized people who will join me in this vision. These people are Muslims, Church ministers, Jewish experts, and professional people. It will take about 12 months to prepare the core and body of people needed to work and operate the construction team. Everything will be professionally fulfilled and completed according to Eloah's righteous standard. The budget I have determined assures the only the best is done.

As the primary donor, the King and the Crown Prince will have a permanent place on the board of NOMANSZONE and a place of residence in the Centre and not to mention their place in His Kingdom and the glory to come.
